## Portrait F.A.Q.

### What should I wear?

It's good to have a variety of outfits, ranging from both casual to formal.

In general, it is good to choose something you are comfortable in.

Also, try to choose something that says who you are. Darker clothes also give a nice contrast to skin.

Lastly, guys, collars do a good job of "framing" the face, so try to have at least one collared shirt in your selection.

Most of all, you should just wear what you want to reflect your personality.

For more information, check out this link: <http://digital-photography-school.com/blog/what-clothes-should-subjects-wear-in-portrait-photography/>

**Seniors:** If you have your cap and gown, that wouldn't be a bad idea either

### Should I wear jewelry?

If you normally wear jewelry and that's part of who you are, go ahead. There's nothing wrong with it.

### Can I bring props?

Props are encouraged. Some suggestions are:

- An Instrument
- A sports uniform
- Anything else sports related
- Pets
- Anything relating to hobbies you are interested in

### Should I get my hair cut right before the session?

For guys, It's best to let your hair grow for about a week before the session.

### Any last suggestions?

KISS... Keep it simple stupid. Don't go too far out getting wacky and crazy with your selection of clothes.

Also, be sure you're well rested -- we don't need any sleepy pictures!
